

AEROSTRIP® Snap fastener

- ✓ Rugged and dependable diffuser support system
- ✓ Easy to install, reducing system installation time
- ✓ One piece assembly is secured to the floor with one anchor bolt – no special tools required (Patent pending)
- ✓ Accommodates all diffuser densities up to 90% of floor coverage
- ✓ Available to mount diffusers directly to reactor floor or up to 300 mm above floor
- ✓ Manufactured in AISI 316 Ti

Installation in four steps:

mount snap fastener
with one anchor bolt...

...insert diffuser ...

...push down and
snap in, locking
diffuser in place...

...done!
